

You are a Muslim...Be Proud

When you seek to please Allah (swt). And He gives you the dignity of people, That's the type of dignity that can't be taken away from you And that is respect.

And that's what we have been talking about here with my brother in Islam.

When you seek to please Allah (swt) you get respect, even if people don't like you.

It doesn't matter; I do not care if people don't like me. If you give me the respect I need as a human, as a Muslim as a man. Then, that's all I need. Who cares if people does not like you or if they think you are crazy. Who cares? Let them laugh.

You know why? You know why we should let them laugh?

How many times have you heard the phrase...

"Laugh now and cry later"?

That's for them.

I had to deal with a pastor and a couple of non- Muslims and atheists In New Jersey.

They were talking about why anyone want to be a Muslim?

Why anyone want to be a Muslim? You guys have the worse way of life, you are backwards Not only that but also nobody likes you guys.

Why I would get a way of life? And now whenever I go to an airport I get harassed?

Every time I got to an airport they put me into special line and put me through security machines and all that. I may get arrested, I may get beaten, I may get spat at.....so, why? Why?

Why would I do that?

Tell me one good reason why one I can do that. I will tell you why...And this is for everyone.

Because maybe you look at us now. You might look at Muslims now when they are in the airport or they are at the separated line being harassed.

You might see the Muslims being crowded up and thrown into prisons and into detention facilities or refugee camps.

You might see the Muslims getting oppressed all over the world. You might know that.

Is wear to you by the One Who Created the Heavens and the Earth on the Day of Judgment you will wish that for 5 minutes you would have been at that line in the airport in the Next Life you will wish that for one moment you would have been in the place of one of those Muslims that were oppressed for one moment you will wish you were one of the worst oppressed Muslim in the planet rather than the situation that will be facing you when you stand before your Creator.

So, you can laugh at us now, you can make fun of us now all what you want.

The Day the real laughter will come is the Day that we enter into Jannah (Paradise) and we leave you behind. Then Islam will give me that type of Ezzah (pride).

Laugh now, go ahead, laugh !

Even if I tell you what Islam is about you will laugh at me and mock me. Go ahead, I actually sit down and let you finish, Because I am gonna have my Day. The Believers will have our Day, When they will wish they are sitting on our side, When they pray to Allah:'Oh Allah!send me back to Earth for 5 minutes'!

I will be like them, I will get in that line, I will let them harass me, I will let them spit on me, snatch my hijab from my head, I will let them put me into a refugee camp, oppress me and put me in Guantanamo bay, or whenever they wanna put me, as long as I can stand with them Today!'

And Allah will say: 'It's too late, you should have done that then'

you should have done that then' this is the reality of the situation but this is what you have, this is the gift that Allah has given you, it's not worth anything that anyone else can give you is not worth selling your dignity for it's not worth trying to please others and try to look fashionable ...

who cares about that??

who cares about that??

The only thing I care about is what side I gonna be standing on the Day of Judgment, Let them do what they wanna do, brothers and sisters

That' sit and that's all that really matters. Everything else it's just garbage,....And that's not what we want.. We want what Allah (swt) has prepared for the believers.

Things that no eye has ever seen nor any ear has ever heard

Nor any mind has ever imagined

'This day those who disbelieve have despaired of [defeating] your religion; so fear them not, but fear Me.

This day I have perfected for you your religion and completed My favor upon you and have approved for you Islam as religion.

But whoever is forced by severe hunger with no inclination to sin - then indeed,
